### Details

The whole of the Abbey's hamlet is a splendid example of medieval architecture and its dominating position reflects its historical importance. Now a luxury hotel, it offers guests a relaxing retreat from life's stresses, with its ample leisure facilities. You need never leave the hotel ... except for the odd spot of Chianti wine tasting of course! For those looking to arrive in real style, a helicopter can bring you right to your door.

The hotel also offers an independent luxury suite in its renovated tower, which is available for summer lets in 2005.

For ardent sight-seers, Siena is just a short drive away, as are all the main attractions of southern Tuscany. For more unusual days out, we can organise such varied activities as wine tasting and tours, falconry shows, chocolate tasting and truffle hunting. A skippered yacht is also available for a day's sailing with lunch out to sea. And for true romantics we can arrange a hot-air balloon ride, with a champagne breakfast on landing. There's no better way to view this truly stunning corner of Italy.
